

CABLE PROTECTORS

Cable protectors are essential safety tools designed to shield cables and wires from damage caused by foot or vehicle traffic while reducing trip hazards in high-traffic areas. They ensure the longevity of cables by preventing wear and tear, particularly in environments like offices, warehouses, and outdoor events.

CP9972

All Kable Kontrol® Cable Protectors are manufactured to the highest quality standard. This is to ensure the highest quality of products for our customers.

Cable Protectors

Kable Kontrol® Cable Protectors are available in a variety of sizes with customizable channels to fit your needs maintain a professional appearance.

Our sub-brand ATLAS® is a division of extra tough, heavy duty cable protectors designed to withstand medium vehicle traffic.

Cable protectors can be seamlessly adjusted to be directed any which way with use of their respective turn pieces.

Atlas Cable Protector Ramps

- Highly durable industrial grade rubber base & polyurethane lid
- Treated for temperature resistance and UV-stability

Kable Kontrol® ATLAS® Rubber Cable Protectors

are constructed from recycled rubber and designed for the protection of multiple valuable cables or hoses. Moreover, these light-duty cable covers will ensure that your wires and hoses do not become potential tripping hazards for any pedestrians that will be walking over them. The hinged lid allows for the easy top loading of cables. Further, due to their rigid manufacturing process, these light-duty cable covers are commonly used both outdoors and indoors as well as in any in weather condition.
