INTRODUCTION

Kable Kontrol® Cable Raceways are enclosed channels designed to organize, protect, and route electrical wires and data cables. They are commonly used in homes, offices, and industrial settings to prevent cable damage, reduce tripping hazards, and create a cleaner appearance. All Kable Kontrol Cable Raceways are manufactured with high quality PVC.

Our Cable Raceways are available in 4 styles; **Hinged Lid, Wall Cover, Smooth Mould, and Rounded Wall.**

Country of Origin: Varies

CABLE RACEWAY FILL CHART

SKU	Width	Depth	Length	Quantity Of Cables By Cable Diameter				
				0.210"	0.250"	0.265"	0.300"	0.354"
Hinged Lid Raceway

Rounded Wall Raceway								
WC301	0.43"	0.5"	60"	3	3	2	2	1

CABLE RACEWAY CUTTING

Kable Kontrol® Raceways are constructed with high quality PVC that is long lasting and will not crack or discolor over time.

A fine tooth saw or hacksaw is recommended for shortening cable raceway straight sections.

HINGED LID RACEWAY OVERVIEW

Kable Kontrol® Hinged Lid Cable Raceways blends into wall/ceiling junctions providing a clean, finished appearance. When drops and runs of cable are exposed, this product is ideal for a quick and reliable method of managing, and protecting those vital wires. Our Hinged Cable Raceways are a one piece construction made of durable PVC. Additionally they are paintable, allowing for the color matching of the surface they applied to. Each length features a peel and stick adhesive backing for easy installation.

UL VO-94 Compliant Flame Resistant

PVC construction protects wires up to 600 volts

Country of Origin: Taiwan

SELECTION

Finding the correct product for your application is crucial. That's why we strive to provide as much information about our products as possible. Our great selection of Cable Raceways are designed with specific use cases in mind.

Length Options: 60"

Width Selection: 0.75", 1.5", 2.5".

Height Selection: 0.5", 0.75", 0.875".

Hinged Lid Raceway

SKU	Length	Width	Height
WC337	60"	0.75"	0.5"
WC500	60"	1.5"	0.75"

SMOOTH MOULD RACEWAY OVERVIEW

Kable Kontrol® Smooth Mould Cable Raceway is the safest and most attractive option for routing, concealing and protecting your indoor cable runs and drops. The white body can also be painted, allowing for an exact complement to your room. With entertainment and speaker systems, extension cords, phone or internet lines, our interior spaces at home or in the workplace are forever filling with runs of wires. However, not only concealing, the Smooth Mould is unique from other covers as it features connecting accessories which will slide behind the profile rather than snap over-top. Smooth Mould appears seamless, sleekly concealing and protecting the cables within.
