Overview

Kable Kontrol Floor Cord Covers enhance safety and organization. Designed for seamless cable management, these covers offer secure solution for protecting and concealing pesky wires on floors. The following products are ideal for offices, homes, and event venues. Kable Kontrol Floor Cord Covers are intended for moderate foot traffic ONLY.

Kable Kontrol offers a diverse selection of floor cord covers designed to enhance safety and organization by concealing and protecting cables in various environments such as offices, homes, and even event venues. Each cover is uniquely constructed with specialized materials to best fit your use case.

Highlights

- **Rubber Drop Over Cable Covers:** Weather Resistant Industrial Rubber Construction. Available in black, yellow, and gray, offering durable protection for cables in various environments.
- **Polyurethane Drop Over Cable Protector:** Polyurethane Construction. Bright yellow, providing high visibility and protection in industrial settings. Able to withstand light vehicle traffic.
- **Wire Hider PVC Floor Cord Cover:** Solid PVC Construction. Features a pre-applied peel-and-stick adhesive backing for easy installation.
- **PVC Floor Cord Cover Kit:** Flexible PVC Construction. Includes double-sided tape for easy installation. It's suitable for general-purpose cable management.
- **Rubber Duct Floor Cord Cover:** Non-Metallic Rubber Construction. This cover can be easily cut to the desired length and lays flat out of the box, making it suitable foot trafficked areas.
- **Flexible Silicone Adhesive Floor Cord Cover:** Silicone Rubber Construction. Comes with a strong self-adhesive backing, making it ideal for areas requiring flexibility and durability.
- **Carpet Cord Cover:** Industrial Grade Nylon Construction. Designed for use on carpets and leaves no residue, effectively reducing tripping hazards.

RUBBER DROP OVER COVERS

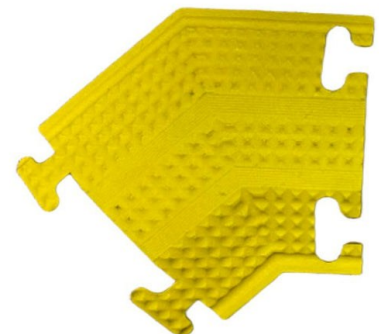

Kable Kontrol Rubber Drop Over Cable Covers are constructed using **Industrial Grade Rubber**. This cable cover is available in an assortment of sizes and colors. Each end of the unit has a male or female connector to allow for seamless connection between multiple units.

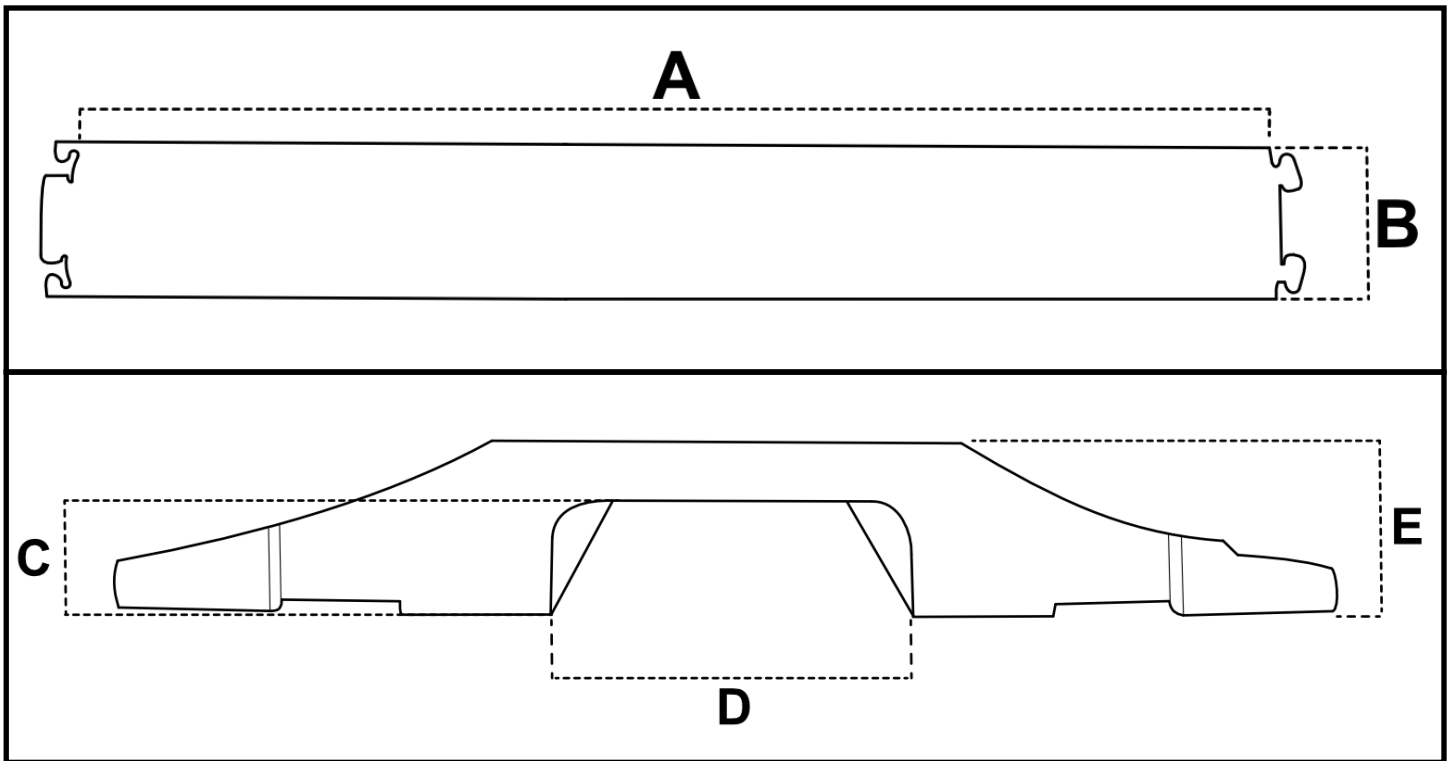

Rubber Drop Over Cord Cover
