

Heat Shrink Tape

Kable Kontrol® 4:1 Heat Shrink Tape is a heat melted adhesive-backed polyolefin tape. Kable Kontrol adhesive heat shrink tape is primarily used for the repair of electrical cabling and in wire insulation applications. Heat shrink tape is especially effective when wires cannot be disconnected, but has many other uses as well.

- **Material:** Polyolefin, adhesive backed
- **RoHS Compliant**
- **Shrink Temperature:** 248°F
- **Continuous operating temperature:** -49°F - 257°F

Heat Shrink Tape

SKU	Width	Length (ft)
RSJD-1IN-0.04T	1"	16.5'
RSJD-2IN-0.04T	2"	16.5'
RSJD-4IN-0.04T	4"	16.5'

Operating Temperature Range -49°F to 259°F

UL Listed File E536025 does not apply to Heat Shrink Tape.
