

Metal Detectable Cable Ties

Kable Kontrol® Metal Detectable Zip Ties can be used very safely and efficiently in a wide range of indoor and outdoor applications. Kable Kontrol metal detectable cable ties comply with the food, beverage, and pharmaceutical safety standards as set by the FDA. Metal detectable cable ties are composed of nylon blended with iron to provide magnetic properties throughout. It can be identified by any type of metal detection equipment. These ties are weather-resistant and more cost-effective than stainless steel ties and very reliable due to its one-piece construction.

- **Material:** Nylon 6/6 Impregnated with Magnetite
- **REACH, RoHS, and PAHS Compliant**
- **FDA 21 CFR 177.1500 (b) Compliance**
- **FDA Compliant for Food and Pharmaceutical Industries**
