

NYLON CABLE GLANDS

Nylon cable glands are essential components for securing and protecting cables as they pass through enclosures or panels. Made from durable, lightweight nylon, they provide excellent resistance to wear, moisture, dust, and chemicals, ensuring reliable performance in demanding environments.

CGRANPT

All Kable Kontrol® Nylon Cable Glands are manufactured to the highest quality standard. This is to ensure the highest quality of products for our customers.

Commonly used in electrical, automotive, and industrial applications, nylon cable glands maintain a secure seal while relieving strain on the cable, reducing the risk of damage or disconnection. Their ease of installation and versatility make them a vital part of safe and efficient cable management systems.

Cable clamps are available in a variety of materials to accurately fit your needs.

Water Proof Cable Gland

Kable Kontrol® Nylon Cable Glands, also known as, "cord grips" or "nylon cord seals," are vital products when it comes to strain relief of cables. Our cable glands are water proof and fully sealing, allowing no room for any kind of contaminant. All of our cable glands are made of Nylon 6/6, are RoHS Compliant, and are IP68 rated for its dust tight and water proof traits.

•Material: Nylon 6/6

•RoHS Compliant

•Fully Sealing & Moisture Resistant (IP68)

•Sealing Washer & Fixing Nut Included

PG Straight Glands

SKU	Size	Thread Type	Quantity
CGPG7	1/4"	PG7	50
CGPG11	3/8"	PG11	50
CGPG13.5	7/16"	PG13.5	50
CGPG16	1/2"	PG16	50
CGPG21	5/8"	PG21	50
CGPG29	3/4"	PG29	25
CGPG36	1"	PG36	10
CGPG42	1-1/4"	PG42	10
CGPG48	1-1/2"	PG48	10
