

Tuff-Weave Heavy Duty Wrap Around Sleeving

- Material: Woven Ballistic Nylon
- RoHS Compliant
- 0.027" Wall Thickness
- Operating Temps: -40°F to 257°F (-40°C to 125°C)
- Melt Temp: 446°F / 230°C
- Resistant to Common Chemicals & Solvents

Kable Kontrol® Tuff-Weave® Heavy Duty Wrap Around Sleeving is the ultimate solution for organizing and protecting wires, cables, and hoses under extreme conditions. Made from tightly woven ballistic nylon, this sleeving is abrasion and cut resistant, withstanding even the toughest environments. Its flexible design and easy installation make it perfect for retrofitting, while its high-strength construction deflects hose ruptures, ensuring safety for operators.
